- React JS Certificate - W3Schools (2024)

Projects & Experience

Full Stack Developer - Mlick Store (2025 - Present)

- Developed and deployed a full-featured MERN e-commerce application
- Built features like product catalog, authentication, and cart system
- Used MongoDB for data, GitHub for version control, and Vercel for deployment

Frontend Developer - Flight Booking Website (2024 - 2025)

- Built a fully responsive flight booking interface with React and Tailwind CSS
- Integrated filters, booking modals, and real-time form validation
- Enabled dark mode support and seamless multi-device performance

UI/UX Designer - E-Commerce Store (2025 - Present)

- Designed user flows and mobile-first layouts using Figma
- Created checkout and shopping experiences optimized for conversions
- Worked alongside developers to implement accessible UI with Tailwind CSS
